LOOK BOOK

Our Story

Founded in 2017, Nood Co. is a design and manufacturing company, producing industry-leading concrete basins and bathtubs right here in Australia. With a taste for restraint, Nood Co. aims to explore one of the most tried and tested building materials, concrete. The goal with every Nood Co. product is to find duality in form and function, taking a traditional building material and reworking it into a soft and feminine design through curves, colour and proportion.

Nood Co. heralds a new consciousness in concrete, reimagining and pushing the boundaries of what the material can achieve.

Every Nood Co. bath and basin is designed, hand crafted and made-to-order here in our Perth facility.

Sustainability

Nood Co. is proud to be a part of the sustainable product movement in Australia. From prototyping through to delivery, each step in the manufacturing process has been modified with a sustainable view.

Recyclable to the very end. Nood Co. basins can be recycled at the end of their lifespan.

Over 85% of Nood Co.'s concrete composition and packaging material is sourced from within Australia.

All Nood Co. cardboard packaging is made from recycled material.

Less embodied energy to manufacture than its ceramic equal.

Crafted with care, finished with intention, designed to be enjoyed for everyday life.

We've partnered with Carbon Positive Australia, with every sale contributing to replanting trees in bushfire affected areas.

Colour

Available in 29 colours, let your space find its perfect hue.

Our neutral palettes draw inspiration from serene, natural landscapes, the calming environments we retreat to, making them ideal for traditional, minimalist, or softly layered spaces.

For those seeking a little more personality, our richer and bolder shades bring depth and vibrancy, pairing beautifully with mid-century influences, bohemian styling, and maximalist statements.

Whether you're creating a quiet sanctuary or a space that speaks boldly, there's a colour in our range designed for any interior aesthetic.

Finishes

Millie Raw in Mushroom,
Luna in Sky Grey
and Mill in Rust

Considered design that is tactile, organic and textural in a range of finishes.

Our *Signature* finish is a timeless, smooth classic, with natural concrete variations that complements all the elements of the bathroom. Versatile and contemporary in appearance, perfect for spaces seeking a cohesive and refined sophistication.

Celebrating the natural and rugged beauty of concrete, our *Raw* finish embraces a highly textured and intentionally imperfect aesthetic. Ideal for spaces where organic materials, muted palettes and honest textures set a calming, elemental tone.

Inspired by the Japanese idea of wabi-sabi, the perfection of imperfection, our *Conscious* finish exudes softness in an organic form. The surface features a lightly textured look and feel that mimics the organic nature of handcrafted pottery, it is uniquely tactile and textural that will be at home in any bathroom.
